V800SQ

The V800SQ range is our mid range bike equipped with our safety pedals and handle bar mounted brake system with gear shifter resistance. The V800SQ's inherent safety makes it ideal for mixed standard classes.

The V800SQ is the ideal bike for fitness centres, with a wide spectrum of class rider, its calibrated stainless steel stems and built in quick releases make for fast micro-adjustability of all four saddle and handlebar points giving easy set up in the busy class.

The handlebar mounted brake and gear shifter mean the rider in case of emergency can keep both hands on the handlebars which is the most intuitive position.

FEATURES

- The V800SQ comes with our patented resistance system with shimano lever.
- Non Slip Comfort Handlebar mounted emergency brake for intuitive safety.
- Easy tuning and responsive resistance system allow fast resistance changes.
- Micro-Adjustable seat and handlebars position for perfect posture and comfort.
- Integral quick releases for strength and reliability.
- 18kg Fixed Flywheel and chain
- Cold forged steel cranks and oversized B.B.
- Suitable for mixed experienced club workouts.

To order your V800SQ today just give our support centre a ring on 01342 315933.
