

**To provide the best workout facility possible.**

True Fitness understands that every person takes a unique path to reach their organization's goals. After all, the decisions you make when equipping a workout facility have real impact. They affect the overall impression you make, and can mean the difference between added value and added expenses. So for the last 25 years we have been manufacturing a selection of high quality fitness machines to get you to **your** goals.

**Designed for moderate to heavy use, this advanced treadmill offers a warranty unmatched in the industry**

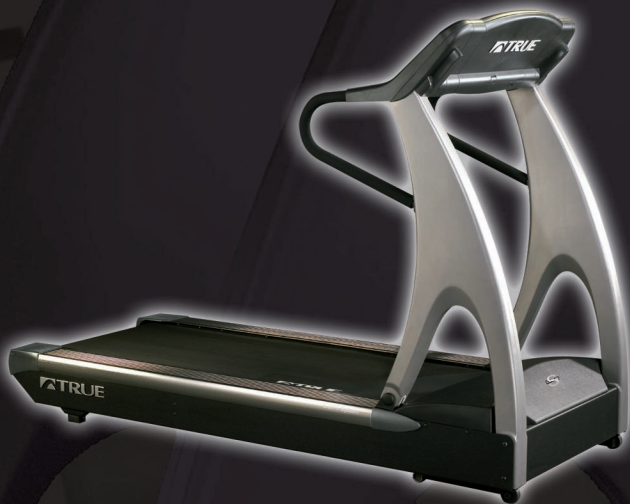

True machines help your users meet their goals. By redefining industry standards, the Z8 Series offers a state-of-the-art treadmill designed to withstand the rigors of a full-commercial facility. With the Z8's large, powerful motor, superior belt and deck and the True Continuous Lubrication System, the Z8 Series delivers years of maintenance-free operation along with one of the best warranties in the industry.

**The best-backed treadmills in the industry**

True treadmills offer a warranty unmatched in the industry: a full 30 year frame warranty, and 3 year parts and 1 year labor coverage. At True, we stand behind our equipment, so you can **enjoy years of worry free service.**

**Smooth and powerful drive system**

The Z8 Treadmill features the industry's first 6 hp DC brushless servo motor/controller that provides **unprecedented power and start-up torque.** And each Z8's flywheel is custom-balanced to match its specific motor to reduce vibration and wear, so that you **get years of smooth performance.**
